

PUTTING OVER 60 YEARS OF EXPERIENCE TO WORK FOR YOU

Since 1948 Clover Machinery Movers (formerly known as Machinery Supply Company) has been in the business of moving equipment and machinery throughout the United States. From moving an individual piece of machinery to moving an entire plant, we have the knowledge, experience and equipment necessary to handle all of your rigging needs.

In our 60 plus years of business we have served a variety of industries. We have experience in moving all types of machinery including CNC Machines, presses, plastic mold presses, fabrication equipment, printing equipment, press brakes and maintenance equipment. No machine is too big or too small. We offer complete service from machine assembly and disassembly to machinery moving and storage. By providing experienced, professional employees we will insure that your equipment will be picked up, packaged, transported, and assembled to meet your satisfaction.

We work with you from start to finish, doing everything to accommodate your schedule and provide the best service possible. We have the right tools for the job with a wide range of forklifts, gantries, cranes, and trailers that allow us to give flexible service.

Clover Machinery Movers takes pride in having a list of regular clients that call on us to handle all of their equipment moving and rigging needs. Contact us today and let us show you why.

THE MACHINERY MOVING EXPERTS

DELIVERING RELIABLE & PROFESSIONAL SERVICE YOU CAN DEPEND ON

Time is money...we get it! That's why Clover is dedicated to completing your project on time. With our wide range of lift trucks, gantries, trailers, and cranes, we have the right tools to complete your job in the most efficient manner possible.

Clover offers flexible scheduling for all projects. Whether it be during shut down hours or on the weekends, we are there when you need us to be. We understand that you need to keep your operations running and with Clover Machinery Movers, you can do just that.

MACHINERY RIGGING & MILLWRIGHT

We have over 200 combined years of rigging and machinery moving experience. Whether relocating an entire plant or just one machine, Clover Machinery Movers will keep you on schedule with professional, fully equipped and insured service.

MACHINE STORAGE FACILITIES

For short or long term storage, our ample storage facilities can house your equipment in a safe and secure environment. We have two storage locations with over 58,000 square feet of on-site heated and cold storage available as well as portable storage containers.

SPECIALIZED HAULING

We specialize in oversized loads. We have flat beds, single drop, and double drop trailers. Our double drop can extend up to 60' in the well and our trailers are capable of handling up to 150,000 pounds.

ELECTRICAL CONTRACTING

A division of Clover Machinery Movers, Clover Electric has the expertise to tackle all types of industrial and commercial electric projects. As a licensed electrical contractor in Indiana and Michigan, we specialize in machine hookups and relocation.

INTERNATIONAL SHIPPING & CRATING

As members of the National Hardwood Lumber Association we are certified to offer international shipping and crating of machinery to countries everywhere. We have experience in shipping and crating heavy equipment to countries such as Mexico and India.
